

My Suggested method of play on these key plays is to play only the overlays.  
 Look at my odds line, if the odds on the board are higher it is a betting  
 situation. I play only the overlays in my own bets.

These selections win at a very high rate but not necessarily at high odds,  
 although once in a while the public will overlook one of these plays. When  
 you find one of these situations BET IT !!

BE PATIENT AND PICK YOUR SPOT CAREFULLY..OVERLAYS IS THE NAME OF THE GAME
