

6th at 1:37 pm ET / 10:37 am PT: \$100k Chick Lang Stakes for 3yo going 6f

**4-Quiet Invader** ... bred to come off the Poly, comes in with bullets in 3 of the last 4 works (2 on dirt)

**5-Latigo Shore** ... Zito's 18% 2 off layoffs, also comes in with bullets in 3 of the last 4 works, deserves a clean trip for confidence alone

**2-Gary D** ... steps up big time but he fits on backclass

*start of the Pick 6!*

7th at 2:17 pm ET / 11:17 am PT: \$70k James Murphy Stakes for 3yo going 1 mi. (T)

**5-Kera's Kitten** ... solid tufer who seemed to get sidetracked on the Poly, just can't get bogged down in a speed duel

**7-Manhattan Fox** ... steps up in 3rd US start but cuts back to a distance he loves

**11-Thunder Brew** ... looking for 3rd straight, will sit off the pace and be coming at the end

8th at 2:57 pm ET / 11:57 am PT: \$100k G3 Schaeffer for 3&up going 1-1/16 mi.

**7-Blame** ... win machine lately with a 25% jock/trainer win rate

**9-Flying Private** ... flew up for 4th in last year's Preakness, has been knocking on the door as of late

**5-Edgewater** ... steps up against the best of his career, and has been running well with troubled trips

**1-Bullsbay** ... never play against him in stakes – he's worth the \$6 to spend on a WPS ticket

9th at 3:42 pm ET / 12:42 pm PT: \$100k G3 Gallorette Hcp for 3&up F&M going 1-1/16 mi. (T)

**5-Quiet Meadow** ... now the lone speed of the race ... Castellano's gotta get her clear of the "3 wide curse" she's had in 3 of her last 4

**4-Rainbow View** ... even money favorite figures big here, but not a fan of the 11% 2off45-180 Sheppard stat

**1a-Blind Date** ... horse for the course

10th at 4:27 pm ET / 1:27 pm PT: \$100k G3 Maryland Sprint Hcp for 3&up going 6f

**7-Ravalo** ... loves Pimlico, loves the distance, in good enough to beat these

**8-Taqarub** ... Kiaran's been trying to teach this horse to rate for 2 years now to no avail – if he gets to the lead, there's no looking back

**1-Snapshot** ... training well coming into today, 20% jock/trainer win rate, and is logical against this bunch

11th at 5:12 pm ET / 2:12 pm ET: \$200k G2 Dixie Stakes for 3&up going 1-1/8 mi. (T)

**13-Nicanor** ... no, not because he's Barbaro's little bro ... price will drop a bit from the 8-1 M/L, but he's been training well coming into today, and Julien rode him wrong last out and Robby can keep him to task today

**4-Just As Well** ... best turf trainer/jock combo in the country come in with an obviously talented horse who just needs to remember how to win

**5-Forgotten Destiny** ... stretches out a bit, but he's bred for it and he's been on a roll as of late

12th at 6:12 pm ET / 3:12 pm PT: \$1 million G1 Preakness Stakes for 3yo going 1-3/16 mi.

**1-Aikenite** ... have loved this horse since the OBS Feb sale last year and have said all the way that he's a Derby Trial-to-Preakness horse ... wants the lead but doesn't break well and the 1 hole is ok if Castellano has to take back – if he becomes a closer out of necessity, he figures to be the fastest of 'em; Javier's also 30% for Pletcher

**7-Lookin At Lucky** ... I ain't blaming GoGo but the last few rides have probably hurt his chances lately; he's gutsy and will fight to get to the wire

**8-Super Saver** ... never not include the Derby winner on a Preakness ticket ... the horse has done nothing wrong and is absolutely logical

**9-Caracortado** ... wise guy play and gets to come off the Poly again

13th at 7:12 pm ET / 4:12 pm PT: \$28k Maiden for 3yo going 6f

**5-Lacrosse Moon** ... Trombetta wins 28% with 1<sup>st</sup>ers

**7-Devilish Gate** ... lone speed
