Today's Racing Digest FAQ

What is Today's Racing Digest? For over 49 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (858) 453-0424 or email distribution@todaysracingdigest.com. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

WORKOUT ANALYSIS FOR HORSES RACING – SATURDAY, April 6TH

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK

1st RACE

Pulpit Rider — 03/23 SA /FT 5F 102.8h
Broke two lengths behind M TOWN GEM leaving the five & continued to track for drill's duration as the duo finished up as the began the drill.

Mirth — 03/21 SA /FT 5F 103.4h
Spotted a five length advantage leaving the five to stablemate, OUR ROMANCE. Was clearly in no hurry early to record the opening three furlongs in 38.3. Finished up well to get the final ¼ in 24.4 while under a hold & cutting the deficit to two lengths at the wire.

Lemoona — 03/24 SA /FT 5F 100.8h
Made a solid impression drilling 5/8's over the training track while maintaining a sustained speed for drill's entirety. Final ¼ in a strong 24.2. .

Kodiak West (IRE) — 03/31 SA /FT 6F 117.2h
Easy elongated move over the training track while never being asked for a glimpse of serious run in the process.

— 12/16 SA /FT 6F 117.0h
Worked on the outside of CALIFORNIA GOLD RUSH over the training track. Left the six a length behind & was content to track from that distance for the bulk of the flight. Drew almost even in upper stretch & matched strides for the final fifty yards while under pressure & never really appearing like she could go by her workmate.

Birdie Gold — 04/03 SA /FT 3F 37.2h
Easily accomplished three panel lung expansion drill while striding out nicely through the lane while under a snug hold..

2nd RACE

Violette Szabo — *04/01 SA /FT 5F 103.2h*
Worked on even terms with DR WYSONG in five panel main track session. The pair shared an opening split of 12.4 & traveled stride for stride in well matched team drill.

Settle It — 03/30 SA /FT 5F 103.2h
Departed the five on the training track a length in front of stablemate, SOLD IT. The pair traveled unhurried for the duration of the drill as they finished up all square at the wire with neither competitor being asked for much in the process.

Ruby Bradley — 03/31 SA /FT 5F 103.4h
Never asked for a glimpse of run in solo five panel session over the training track while holding on to full energy reserves in the process. May relish the turn back in distance. .

Lippy — 03/30 SA /FT 5F 101.6h
Looked good covering five furlongs on the training track while holding he own in company with a stablemate. The duo finished up all even as planned while this gal may have been going the better of the two late. .

Dr Wysong — *04/01 SA /FT 5F 103.2h*
Worked on even terms with VIOLETTE SZABO in five panel main track session. The pair shared an opening split of 12.4 & traveled stride for stride in well matched team drill.

3rd RACE

Flor de La Mar — 03/26 SA /FT 5F 100.6h
Found some company in the form of FIGHTING MAD leaving the 5/8's pole. The pair matched strides for the most part through splits of 12.0, 24.2 & 37.2. Finished up all square at the wire to get the length of the stretch in 24.2 & continued on out an extra furlong to both earn identical six panel time.

Bellafina — 03/30 SA /FT 5F 100.2h
Made a solid impression drilling five eighth's by herself & not being asked for much in the process. Posted fractions of 24.2 & 36.4 while negotiating the length of the stretch in a strong 23.2. Multiple Grade 1 winner should hold an advantage over most of these at a short price. .

Chasing Yesterday
*No local works since last raced but this ½ sister to AMERICAN PHAROAH has proven ability & will give BELLAFINA all she can handle in virtual two horse race. .

4th RACE

Tribal Roar — 03/30 SA /FT 4F 48.2hG
Worked out of the gate with barn-mate, SWISS MINISTER. The pair broke alertly & traveled stride for stride while producing splits of 22.4 & 35.1. The duo appeared slightly weary in the final furlong.

The Rule of King's — 03/30 SA /FT 5F 103.0h
Pretty straight forward maintenance mode move from the outset while never offering much in the way of serious run for drill's duration.

Swiss Minister — 03/30 SA /FT 4F 48.2hG
Worked out of the gate with TRIBAL ROAR. The pair broke alertly & traveled stride for stride while producing splits of 22.4 & 35.1. The duo appeared slightly weary in the final furlong.

Super Terrific — 03/30 SA /FT 3F 35.8h
Solid three furlong drill from the beginning while flashing some good speed through the lane. One of two non winners in this race designed for winners..

Italiano — *03/22 SA /FT 6F 116.8h*
Made an appearance on the main track as connections almost use the training track exclusively. Looked decent covering five furlongs while finishing up with some interest to get the final ¼ in 24.3.

Cats Blame — 03/23 SA /FT 4F 49.8h
Was in no hurry early leaving the ½ & posting an initial split of 12.4. Picked up the pace gradually while finding best stride in mid stretch & covering the final furlong in 12.0 flat. .

Captivate — 03/31 SA /FT 5F 101.8h
Matched strides with stablemate, TWENTYTWENTYVISION from the outset of leaving the five in well designed team drill with both participants being shown a good competitive nature without being asked for much.

5th RACE

Vasilika — 03/30 SA /FT 4F 50.8h
This gal has won ten of her last eleven races & fifteen of her thirty career starts. Most recent drill over the training track was a mere ½ mile maintenance gallop while never being asked for a glimpse of run.

Space Talk (GB) — 03/26 SA /FT 4F 50.0h
Came running late to get third in U.S. Debut sprinting off the hill. Most recent drill was a solid ½ mile maneuver after opening with a 24.4 split & finishing up much better than started in 24.2.

Raven's Lady (GB) — 03/21 SA /FT 5F 101.8h
First try in this country & has looked good in the morning hours. This most recent drill she left the five as a solo & opened with a 23.4 split. Maintained a good pace for the remainder of the drill finishing off the final three eighth's of a mile in 36.2. Group 2 winner in Europe may make her presence felt at a solid price for exotics' players if she's not out for a test drive.

Ms Bad Behavior — 03/22 SA /FT 4F 50.6h
This miss is just a cut below VASILIKA although she's been close in her last pair of starts. Most recent morning activity was an effortless five panel excursion over the training track while holding on to full energy reserves in the process.

Meal Ticket — 03/31 SA /FT 5F 102.8h
Left the five under a hold & remained under some sense of restraint for the remainder of the drill while coasting through the stretch run & appearing capable of much more if called upon.

6th RACE

Principe Carlo — 03/31 SA /FT 4F 48.2h
Good ½ mile solo move while recording fractions of 12.2 & 24.3. Finished up well to cover the final ¼ in 23.3. This guy is improving with maturity & has a shot to hit the board..

Oliver — *03/30 SA /FT 5F 101.0hG*
Broke from the gate with stablemate, CARNIVOROUS. The pair came out alertly & traveled stride for stride in competitive five panel session.

Listing — 03/26 SA /FT 6F 115.4h
Fair elongated move from the six in stamina drill without being asked for much while sustaining a consistent speed throughout.

Foster Boi — 03/30 SA /FT 5F 100.2h
Solid five panel session over the main track while earning an internal split of 36.2. Finished up strong to cover the length of the lane in 23.4. Broke his maiden easily in debut in downhill turf sprint & morning drills suggest he has an affinity for the main track as well. .

7th RACE

Takeo — 03/31 SA /FT 5F 101.6h
This guy has been on the losing end of multiple team drills. This particular five panel move was much of the same. Departed the five a length behind UNVEILED & trailed from the outset while losing out another four lengths in the stretch run.

Speakerofthehouse — 03/26 SA /FT 4F 53.0h
Literally a ½ mile gallop over the training track as the rider was watching NetFlix for drill's duration.

Play Money — 03/31 SA /FT 4F 48.2h
Decent showing in ½ mile solo move over the training track while coming home with some good energy to cover the final ¼ in 23.3. Flashed good speed in debut before tiring as the even money favorite facing state breds. Has a right to improve with race under his belt. Should relish the switch to grass being as on of UNUSUAL HEAT. .

M Town Gem — 03/23 SA /FT 5F 102.8h
Was spotted a two length advantage by PULPIT RIDER leaving the 5/8's pole & held the advantage for drill's duration as the duo finished as they started.

WORKOUT ANALYSIS FOR HORSES RACING – SATURDAY, April 6TH

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK

Lil Sydney — 03/31 SA /FT 4F 49.0h
Never asked for much in maintenance mode ½ mile maneuver while finishing up slightly better than the drill began in 24.2.

Deep Thinker (IRE) — 02/22 SA /FT 5F 101.0h
First try in this country after never being worse than fourth in native Ireland. Not raced since mid October & foundation of drills for return suggest he'll be competitive here as leading rider climbs aboard. This may be the best price you'll get on this gelding in North American debut in this $50K maiden claimer. .

Bullion — 03/31 SA /FT 5F 105.0h
Sleep walked his way going five panels over the training track while never offering a glimpse of serious run.

8th RACE

Roadster — 03/31 SA /FT 6F 112.6h
Spotted EXPLORER a length advantage leaving the five & was content to track early & dropped a least two lengths back going down the backside. Picked up the pace in upper stretch to finish all square at the wire & the pair went out an extra furlong to earn six panel time.

Nolo Contesto — 03/23 SA /FT 6F 114.0h
Worked in company with FOXTAIL. Spotted his workmate a four length advantage leaving the six & kept that distance until upper stretch. Was asked to pick up the pace as he gathered in his company easily while proving best by almost a length as FOXTAIL was being asked in the final fifty yards. This guy is doing well but Rosario jumps ship to ride GAME WINNER.

More Ice — 03/31 SA /FT 6F 114.8h
Good elongated stamina drill that was easily accomplished void of any urging. May be a cut below the top pair..

Game Winner — 03/26 SA /FT 4F 48.8h
Found some company in the form of THERE AND BACK. Left the five with a length advantage & led most of the way to the wire as the pair went out an extra furlong while this guy appeared best in the final furlong. .

9th RACE

Truffalino — 03/20 SA /FT 5F 100.6h
Worked in company with KY COLONEL as the pair left the five on even terms while matching strides through splits of 24.1 & 36.2. Finished up all square at the wire as KY COLONEL was under a tight hold in the final yards.

Maxim Rate — 03/30 SA /FT 5F 104.8h
Good win in lone start coming from off the pace at this distance at 28-1. Pratt jumps in the irons which is a major rider switch & the slightest improvement puts this gal in the mix. Most recent drill was a five panel gallop over the main track while never being asked for a hint of effort.

Lakerball — 03/23 SA /FT 5F 102.6h
Secured some company with OLIVER departing the five on even terms & traveled stride for stride for drill's duration in well matched team session.

Colonial Creed — 03/30 SA /FT 5F 101.0h
Left a positive impression in five panel solo maneuver while finishing up with good energy to cover the length of the lane in 24.2. .
— 02/26 SA /FT 4F 48.4h
Pretty much status quo for this guy in ½ mile move over the training track. 12.2, 24.3. Finished up better than started in 23.4. Freshened & very tough at this trip over the sod. .

10th RACE

Prime Attraction — 03/20 SA /FT 5F 100.8h
Typical mid range drill for veteran connections that rarely ask for much in the morning hours. Has enough speed to be a factor for certain but rarely hangs around long enough to earn much more than minor awards.

Mongolian Groom — 03/21 SA /FT 6F 114.6h
Fair five panel session while not really being asked for much. Finished off the final three furlongs in 37.0 flat. Appears optimistically placed & as Hall & Oates wrote in their lyrics, "Can't go for that. No can do."

McKinzie — 04/01 SA /FT 6F 114.4h
Hasn't raced since early February & foundation of drills for return have been stellar including five consecutive six furlong drills preceded by a seven panel drill in late February. Loves this surface & connections 25% off similar layoffs. .

Gift Box — 03/23 SA /FT 6F 113.8h
Decent solo session while leaving the five under a tight hold & remained under restraint going into the turn. Rider never moved entering the stretch while switching leads effortlessly in upper stretch & under the mildest of hand rides in the final 50 yards. This guy is improving & it wouldn't be a shock to find the winner's circle. .

11st RACE

United — 03/26 SA /FT 6F 113.8h
Found some company in the form of PASSIONATE REWARD. The pair left the five even terms & matched strides for drills duration while traveling as mirror images for the most part as neither participants were allowed to run much.

The Hunted — 03/23 SA /FT 5F 101.2h
Worked over the main track as a solo. Left the five in hand & traveled well from the outset while rider never moved. Picked up the bit at mid turn & finished up willing to cover the final ¼ in 24.1. .

Shaky Alibi — 03/30 SA /FT 5F 59.6h
Looked very good going five furlong as a single while flashing good speed from the outset to earn best of morning for the distance. Sure to add some speed to this mile turn event but always gets weary in the final stages. .

Rumpus Cat — 03/30 SA /FT 5F 100.4h
Looked very good going five panels over the training track. Was under a tight hold early as this long striding colt appeared very comfortable. Picked up the pace in upper stretch to finish up well in 24.1 while galloping out strong past the wire..

Colosi — 03/30 SA /FT 5F 101.6h
Clearly was in no hurry leaving the five while posting an initial split of 13.0 flat. Picked up the pace considerably as the drill unfolded to find his best stride in the stretch run while finishing up in 24.2.

Cajun Treasure — 03/31 SA /FT 4F 49.2h
Easy move over the training track while under a hold for drill's entirety & surely being capable of more if allowed to run at any point in the session. .

WORKOUT GUIDE

As a guide for your judgment of workouts, the following list indicates the times considered excellent for the usual distances under usual circumstances:

2	Furlongs	(1/4 mile)	:22.3	or	faster	6	Furlongs	(3/4 mile)	1:12.2	or faster
3	"	(3/8 mile)	:34.4	"	"	7	"	(7/8 mile)	1:25.3	" "
4	"	(1/2 mile)	:46.4	"	"	8	"	(one mile)	1:39.3	" "
5	"	(5/8 mile)	:59.2	"	"					

Bolded workouts are referred to as exceptional. Exceptional Works are generally among the fastest 5% of all the drills for that day. (The Digest does not require that all distances are represented among the exceptionals, as the times may be slower than the guidelines established above.) In addition, the Digest points out BTL (better-than-looked) drills, as well as any other morning exercises that seem noteworthy. The latter category takes into consideration team works, 'blowouts' from the gate, etc.

TIM OSTERMAN'S FAST FIGS

Today's Racing Digest has been producing performance figures for over 25 years and have most recently introduced our newest figure, the **FIRE Number.** However, there are other sources for such numbers and we are proud to now offer **Tim Osterman's FAST FIGS.** Osterman, a fixture in the California Handicapping scene for the last 20 years will provide a **'FAST FIG'** for each horse. This rating is a combined class/performance figure based on the horse's overall effort and the strength and level of the fields faced. Horse's scoring within <u>FIVE</u> points of the top figures should be considered contenders in today's race. if a horse's rating is following by a (+) it means a horse may be ready to improve on today's figure. Generally, a plus (+) is potentially worth an additional <u>FIVE</u> points. Runners rated 'X' are either first-time starters, shippers from a new circuit, comebackers off more than four months or horses that simply could not be assigned a reliable rating.

RACE APPRAISAL

ANALYSIS: This may be the most competitive race on the card. Cal-bred **Pulpit Rider** was lapped on the winner in back-to-back NW2 Allowance turf milers before checking in mid-pack with state-bred Stakes runners Jan 26. Two horses from that race have returned to win and **'Rider** may be sent off in the 5/1 range again. **Kodiak West** beat NW1 types when fitted in blinkers Nov 16 while **Tell Me More's** win over that kind Dec 31 wins the paper race. Both have been freshened since then and are eligible to handle the class hike. **Mirth** exits a NW1 Allowance win, a Feb 23 race run at this 9F distance, and she holds a recency edge on the other two. She figures 'right there' on paper and Prat rides her back. **Spy Ring** won her way to this class level with a frontrunning turf sprint win Feb 22 and is a likely Lone 'F' tripper on the stretch-out. She's winless routing on the lawn in the U.S. but an easy lead may make her brave. **'Rider** lands an HF 15a as the key Tri horse, but we'll spread to start the Pick 5.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Pulpit Rider :35.4 – Mirth :35.5 - Lemoona :35.7

HORSE COMMENTS

Mirth won her way to this class level Feb 23, her second start following a seven-month break. She won with a good number and has found the winner's circle in four of her last five starts. The win-type can move up and score again.

Kodiak West (IRE) made two well-spaced starts after being imported from France. She lacked racing room in her Aug 11 U.S. bow and returned three months later to win her way to this class level when fitted in blinkers Nov 16. She can obviously fire fresh and she figures in the hunt.

Spy Ring (IRE) is stretched out for comeback start #3. She knocked out her NW1 condition on the hillside course Feb 22 and did it while showing speed from the rail. She may be underrated on paper.

Pulpit Rider is a Cal-bred that was lapped on the winner under these conditions going a mile Dec 30 and Nov 24. She's been effective outside of the Stakes ranks and the paper race puts her 'right there' at the wire.

Birdie Gold is a question mark routing on the grass and brings a class cloud into this, too.

Lemoona split this kind behind Pulpit Rider Dec 30 and sandwiched that between three Graded Stakes races. She's down in class, but has the field of a pack horse.

Fool's Paradise split similar fields going a mile on dirt this winter and is switched to the turf for comeback start #3. She fits on class, but is a question mark on grass.

Tell Me More has been off since beating NW1 Allowance stock at this 9F trip Dec 31. She's never been worse than 3rd on this layout and her last win tops the Charting.

RACE APPRAISAL

ANALYSIS: It can pay to own a Cal-bred as the performance numbers for this group are generally on the low side, but already **Lippy** and returnee **Naughty Tiger** have each earned over $110,000. Another of these can crack the six-figure barrier with a win today and that somebody may well be **Sneaking Out**. The Hollendorfer miss earned a sharp Maiden win at Del Mar last summer and returned to win nicely at Golden Gate while Santa Anita was shut down. That gives her a bit of a recency edge in a race where none of the others raced last month. She catches the HF 15. **Lippy** is back sprinting on dirt after coming off the bench to run well with turf routers Feb 18. She's a viable alternative. Phil D'Amato sends out

non-winners **Violette Szabo** and **Ruby Bradley** as well as recent Maiden winner **Dr. Wysong**. The last-named miss pressed a slow pace while making her second start in blinkers Feb 28. Flavien Prat rides her back and '**Wysong** may get a good trip from the outside. She's another logical alternative. '**Szabo** ran poorly debuting Sept 3 and has been off since then. She seems so oddly spotted by a good trainer that she lands a 'Why-is-she-entered?' HF 20.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Ruby Bradley :31.4 – Settle It :31.6 – Sneaking Out :31.8

Settle It beat Cal-bred Maidens on the downhill course Feb 9 and gets tested with today's class hike and surface switch. She's done her best running on the lawn and the rail draw is no plus.

Silk From Heaven was stretched out and switched to turf when tried with this kind Feb 18. That was a lot of changes for a horse facing winners for the first time and she understandably fared poorly. She tracked the pace to beat Maiden sprinters Jan 25 and that race puts her in the middle of the pack.

Violette Szabo has been off since getting outrun in her Sept 2 debut at Del Mar. This rather ambitious placement suggests that she's fitter than the works suggest. She may beat her odds.

Naughty Tiger beat this kind at Del Mar Aug 1, but raced without blinkers for her next two and didn't do as well. She's been off since Nov 2 and rates an outside look.

Lippy gives O'Neill (Settle It) a second starter. She won a $50,000 Stakes up north last summer and has been effective in two subsequent Cal-bred

Stakes, most recently when sent long on the lawn Feb 18. That was her first start in 6-1/2 months and it may have tightened her up nicely.

Sneaking Out ran well in two starts at Del Mar. She was given some time off before returning to win an Allowance sprint on the Tapeta at Golden Gate March 22. Van Dyke was up for her chart-topping debut win and she's arguably this good.

Ruby Bradley is another non-winner entered by D'Amato. She was no threat to Maiden turf routers Feb 24 and seems like a question mark.

Time for Kisses has been off since making two starts last May. She beat Maidens here May 28 and can fire fresh. The works are nothing special, but watch the betting.

Dr Wysong is D'Amato's third starter and only winner. Prat strings along after guiding her to an easy win over Cal-bred Maiden sprinters Feb 28. She raced much closer to a slow pace that day, her second start in blinkers, and may get a good trip from the outside.

RACE APPRAISAL

ANALYSIS: Bellafina has won five of six since running 2nd in her July 4 sprint debut at Los Al. She won the Grade 1 Chandelier Stakes here when sent long Sept 29 and was favored to win the 2018 Breeders' Cup Juvenile Fillies Nov 2, but broke awkwardly and could only chase the pace before being allowed to coast home. She his 2-for-2 in 2019 to suggest that the Churchill loss was a fluke. She gets top billing over Baffert's **Chasing Yesterday**. That one overcame an awkward start to force the pace in the Sunland Park Oaks March 24. That was her first start since she won the Grade 1 Starlet at Los Al and she had to have needed the race. She was still able to make the lead on the far turn and slowly edge away. She's the first alternative. Stablemate **Flor de La Mer** was sent off at very short odds in her first two sprints. She struggled in the slop March 2, but has worked fast since then and can rebound with more furlongs while **Stirred** rallied past her March 2. That was her first start in seven months and recency should help her, too. Both have exotics potential.

HORSE COMMENTS

Flor de La Mar didn't handle the sloppy track when tried vs. winners in a March 2 Allowance sprint. She is bred to route and worked fast back on March 10 when shipped over to Los Al for a spin. She was sent off as the odds-on favorite in her first two starts and is eligible to bounce back.

Chasing Yesterday was shipped to Sunland for the $200,000 Sunland Oaks March 24 and forced the pace following an awkward start. She took over into the stretch and edged away to win with a good mark. She won the Grade 1 Starlet for Baffert Dec 8 and should improve with recency.

Stirred finished in front of Flor de La Mer when the runner-up in that March 2 sloppy-track Allowance sprint. That was her first start since a poor try in the Grade 2 Sorrento Stakes at Del Mar last August and her first in blinkers. She finished steadily in her return and may take to this longer trip.

Slewgoodtobetrue is a $110,000 2-yo buy that improved sharply in her first two two-turns. She stopped badly in the Grade 2 Fair Grounds Oaks when shipped to Louisiana March 23, but was party to a hot pace and may find today's early clip more to her liking. She can rebound.

Bellafina sandwiched five California wins around a poor try in the Breeders' Cup Juvenile Fillies. She arguably lost her best chance at the break, is 2-for-2 since then, and she's trained steadily over the last four weeks. She can set the pace or duel and remains the one to beat.

HF EXPLANATION

(Column 8 on each race page contains the following numbers that refer to these factors.)

1	**FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.	15a	**IN-THE-MONEY –** This horse appears to have most of the elements suitable for an in-the-money performance.
2	**LIVE HORSE** – It appears this horse is ready for a top performance.	16	**LONG LAYOFF** or **RECENCY** – Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
3	**DISTANCE CAPABILITY –** This distance may present a problem for this horse.	17	**LEG WRAPS** – A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
4	**EQUIPMENT CHANGE** – Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.	18	**AGE** – The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage.
5	**TROUBLE PRONE –** Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type.	19	**IMPROVING** – This horse seems to be improving or should improve in this field.
7	**INSIDE POST POSITION –** This inside post position may cause a problem for this horse at this distance.	20	**LONGSHOT** – Some indicators that are present when horses surprise with a good performance at high odds are noted.
8	**OUTSIDE POST POSITION –** This outside post position may cause a problem for this horse at this distance.	21	**FITS RACE –** This horse seems to fit this race.
9	**PACE -** The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse.	21c	**FITS RACE –** This horse seems to fit this race except for class.
10c	**HIGHER CLASS** – This horse is being tried at a higher level.	21d	**FITS RACE –** This horse seems to fit this race except for the distance.
10d	**LOWER CLASS -** This horse is being tried at a lower level.	21r	**FITS RACE –** This horse seems to fit this race except for a lack of recency.
11	**FEMALE vs. MALE** – Since it usually takes a better-than- average female to beat an average male, there could be a problem here	22	**CONDITIONS HORSE** – The conditions for eligibility are ideal for this horse.
12	**FOREIGN RACES** – Previous races for this horse were out of this country. It is difficult to appraise them.	23	**WORK READY** – Previous patterns and/or special circumstances make recent works very important here.
13	**RELEASED FROM CLAIMING JAIL** – This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').	24	**SURFACE** – The type surface for this race may not suit the horse.
15	**IN-THE-MONEY** – This horse appears to have all the elements suitable for an in-the-money performance.	25	**BETTING** – If the betting on this horse is heavier than expected contention is likely.
		86	**VETO** – There is no justification for a win to be expected

SIRE TURF, SYNTHETIC and MUD STATS for every horse

For years we have included the win percentages of each sire's first time starters. These stats have helped isolate early winners. The Digest also includes the win percentages for each sire's turf and mud starters. The stats appear after the sire's name in the Breeding line of each horse's comment. In the example below, Deputy Minister's offspring have won 20% of their turf starts, 11% of their synthetic track starts and 17% of their mud starts. For this study, mud is considered any dirt race where the track condition was not 'Fast'. The turf win percentage is followed by the letter code 'T' and the mud win percentage is followed by the letter code 'M'. If a horse shows just a single stat, or no statistic, it means that the sire had no corresponding statistic in our turf and/or mud sire studies. In this example (below), Lahib had no Mud Starters and his Turf Starters were winless. Our Turf and Mud studies cover over 10 years of racing, beginning Aug 1, 1989.

RACE APPRAISAL

ANALYSIS: Santa Anita is carding three different types of $50,000 Starter types. The true NW2 events are by far the most common , but you will occasionally see a NW3 event. Then there is this type of race where the only disqualifying factors would be an Allowance or Stakes win. A horse could have any number of Claiming or Starter wins and, indeed, we have several multiple winners signed on. This type of race should arguably get an RCL closer to 150 than the assigned 140. This seems like a good spot to do some price shopping. **Littlebitamedal** beat his odds in his last two starts, including a Jan 26 win over $25,000 NW2 types. He should be finishing with interest again and there is plenty of speed signed up. **Swiss Minister** flashed new-for-him speed in his Feb 17 return to racing, but should relax better with the recency cloud cleared. He loves this oval (six dirt sprint wins) and he's once again protected under the Starter conditions. They will share HF 20 status. **Aced** looked good beating Maiden-Claimers when put up for sale Feb 14 and wins the paper race. He may offer value, too. **Cats Blame** has three wins in the books and is racing in good form. He figures close and should get a dream trip tracking the pace. **Make It a Triple** is a multiple sprint winner that is protected under the Starter conditions while making comeback start #3. He may fit better here. **Royal Trump** was claimed by Mark Glatt Feb 9, is protected despite having been held out for nearly two months. That's a positive sign and his best recent race put him 'right there.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Cats Blame :24.2 – Littlebitamedal :24.5 – Italiano :25.0

Stay Golden won a mixed-bred Maiden Feb 8, but is otherwise HF 86 material from the rail.

The Rule of King's became qualified to run under these conditions when he held 2nd as the favorite in a four-horse mile race for $40,000 NW2 types. That was a better effort, but a win would be a surprise.

Italiano is now with Miyadi after being claimed for the $35,000 out of a March 1 NW3 turf sprint. He was not beaten too badly that day, sprinted OK on dirt Jan 10 and Miyadi is dangerous off the claim. He fits in this context and he gets a weight break.

Coil to Strike set the pace from the rail and gamely held on to beat $50,000 Cal-bred Maiden-Claimers March 2, a sloppy-track affair. He may be underrated on paper.

Aced beat $50,000 Maiden-Claimers when put up for sale for the first time Feb 14. He won on the slop after tracking the pace and he earned a solid mark for the class. His first couple of races suggest that he has some promise. The paper race puts him right on top, too.

Cats Blame is a three-time winner that checked in an OK 3rd under these conditions Feb 17. The front-wrapper figures 'right there' and his multiple wins are a plus.

Super Terrific is a non-winner that is shortened up after failing to fire on the lawn Feb 24. That was his first start in nearly a year, but this seems like an awfully odds placement. Is he prepping?

Make It a Triple has won four dirt sprints, including two here at Santa Anita. He's out of the NW1 Allowance ranks and was competitive with that kind March 3. This will be his second start in blinkers and third start since a five-month break. He may be sitting on 'go'.

Captivate has been coming close with NW2 Starter types in four tries as a winner and was even DQ'd from a win Sept 28. This will be just his second start since Sept 28 and he has exotics potential.

Royal Trump has won twice and is making his first start since being claimed for $35,000 out of a NW3 affair Feb 9. He earned a 132 Final Time Rating in his Jan 21 return to action, but his last race was more in line with his usual stuff. He should get a good trip from the outside and the third start on the comeback trail can be key. Prat takes over and this one can't be counted out.

Swiss Minister has won half of his dozen Santa Anita dirt sprints. He returned with this kind in a Feb 17 turf sprint and set the pace before fading to mid-pack. He should be much tighter for this and he has odds-beating potential.

Tribal Roar gives Vallejo (Swiss Minister) a second starter. He was no match for Allowance sprinters in his Feb 3 return to action, but remains protected under the Starter conditions and can improve with recency.

Littlebitamedal has won two of his four starts since a three-month fall break and was a close 3rd with $32,000 claimers March 1. He's racing in good form for Sherman and has beaten his odds in his last two starts. He may be overlooked in the wagering again.

RACE APPRAISAL

ANALYSIS: Vasilika is the dominant distaff miler in California and she can become a $1M earner with another win today. She ran down **Ms Bad Behavior** when best in the Grade 2 Buena Vista Feb 23 and did the same thing in the Megahertz Jan 21. This should be no more than a workout, though '**Behavior** might get very brave if allowed to control the pace. **Meal Ticket** likely needed her last one and was competitive with **Vasilika** at Del Mar Sept 1. She can hit the board while **Cordiality** may snag a nice check in her first start since being claimed for $62,500.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Vasilika :23.1 – Cordiality :23.4

HORSE COMMENTS

Vasilika is easily the best distaff turf miler in California. She has won 10 of her last 11 starts and figures to be a very, very short price to win again.

Ms Bad Behavior was outfinished by Vasilika in her first two starts in 2019, but was competitive in both and rates first look to complete the Exacta. A Lone 'F' trip would help her cause.

Meal Ticket ran 4th behind Vasilika Sept 1, her final start in 2018. She returned vs. NW2 Allowance stock at Golden Gate March 15 and raced evenly to split the field. She had to have needed the race and prefers the turf.

Cordiality is stretched back out following two downhill runs for Peter Miller. She was claimed for $62,500 by Tim Yakteen Feb 18 and he spots her rather ambitiously. She would have a better shot vs. Cal-breds.

Raven's Lady (GB) won a pair of Group sprint Stakes overseas last summer and is making her U.S. debut at an unfamiliar distance and following a six-month break in racing. It's likely safe to watch one.

Space Talk (GB) made her U.S. debut in a Feb 22 downhill sprint and finished steadily to be a close 3rd. Of course, that was a bottom-level Allowance, so this is a rather large jump in class.

Smoovie beat Cal-bred Maidens when stretched out Feb 28. If there are three or four scratches, she can cash a check.

FIRE NUMBER – FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for **LAST 10 FIRE**). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

ANALYSIS: Listing is the only entrant with over $100,000 in earnings as he's fresh off of a win in the grassy Cal Cup Turf Sprint. He won his debut on dirt and the balanced attacker deserves one of the HF 15a's. **Principe Carlo** shares the paper race with him and lands the HF 15a. He's banked $95,000 to date, owns three dirt sprint wins and should get a dream trip tracking the speed (**Tap the Wire** and **Prodigal Son**). 'Wire went 2-for-2 in 2018 and yet may offer an OK price in his 2019 return while 'Son is mired on the rail for his first start as a winner, but may be quick enough to get position. **Midnight Special**, with $97K earned to date, is shooting for the hat trick while back in from Golden Gate. He's won on dirt and can't be counted out.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Daddy Jones :30.6 – Listing :31.3 – Prodigal Son and Moon House :31.4

Prodigal Son moves from the outside to the rail for his first start since knocking off Cal-bred Maidens Feb 16. He dueled on the pace in that win and is not hooking all that much other speed. He may be effective despite the post switch.

Daddy Jones has yet to beat winners and figures down the list.

Moon House is a question mark on real dirt and flunked his first start as a winner, a March 8 Allowance on Tapeta at Golden Gate. He's done his best running at longer distances, but may have a stamina edge on some of the other late-runners.

Midnight Special is fresh off back-to-back Allowance sprint wins on the Tapeta at Golden Gate. He's won on real dirt, too, and his balanced attack should play well.

Listing won his debut on dirt at Del Mar and won as the tepid favorite in a $100,000 Cal-bred turf sprint Jan 26. That essentially makes him a class fit.

Foster Boi won his March 1 turf sprint debut, retains Prat, and is bred to handle real dirt. He may be this good.

Lieutenant Dan scored as the favorite when shipped to Golden Gate for a March 23 Allowance. He had lost his previous pair down here as the post time favorite and he has enough tactical speed to be dangerous.

Tap the Wire when 2-for-2 in two starts as a 2-year-old. He won a Cal-bred Stakes as a comebacking second-timers Aug 4, so he can obvious fire fresh and is easily his trainer's best horse (or was in 2018). He may be overlooked a bit in the wagering.

Principe Carlo is a three-time sprint winner that was second best when tried with open Allowance sprinters Feb 9. He's racing in good form, is nicely drawn on the outside and he shares the paper race win. Beware.

Oliver has been off since a poor try Nov 3. The blinkers removed last time are slated to return, but . . .

RACE APPRAISAL

ANALYSIS: A big field of lightly raced Maidens routing on the turf could make for a difficult race to handicap, and you'll want to check out the betting action before any final decisions. **One Bad Boy** has sprinted on the dirt with this kind in his first two starts and finished in the money in both. He does appear to have pretty good turf route breeding as well, so he might take to a mile on the turf and is our HF 15a. **Ocean Fury** ran pretty well in couple of similar affair as a juvenile last summer. He's been off since July, but has likely gotten bigger and stronger in the time off and could be dangerous off the bench with these. He might even get overlooked in the wagering and is our HF 20. **Proud Pedro** didn't do much in his only start in France Sept 22, but he's in a barn that is good with imports and it appears Prat gets off a Mandella (**Time Is Now**) to ride this import. Watch the betting as he might be dangerous. **Time Is Now** looked like he was prepping when 4th in his debut sprint in the slop behind our top choice Feb 2. Mandella's youngsters usually improve with racing and he has a strong record with Mike Smith in the saddle. **Polar** was eased in his debut sprinting in the slop in that Feb 2 heat. He was only 5/1 that day and Van Dyke sticks with him, so he might be better than he showed. He could be a price play in a race that could easily produce some fireworks.

HORSE COMMENTS

Lil Sydney added blinkers and finished 4th in his second start with $50,000 non-winners Feb 7. He does well in the mini-charting, but the jump to face straight Maidens is usually a pretty tough one.

M Town Gem a $235,000 yearling, is the sixth foal of his dam and kin to four winners, one a $800,000 earner. He's worked 12 times since Dec 30, but it's very tough to tell when a rookie is well meant debuting in a turf route. Perhaps the betting will shed some light.

Polar showed speed for a half and stopped badly when eased debuting in the slop sprinting Feb 9. He was just 5/1 that day and Van Dyke sticks with him, so he could be much better than he showed in that debut.

Speakerofthehouse finished a no threat 3rd with this kind Feb 16. He's been in the money in two of five starts, but at this point we're looking elsewhere for a winner.

One Bad Boy finished in the money in his first two sprints on dirt with this kind. He has pretty good turf breeding, so he looks like a threat stretching out and switching surfaces for start #3.

Bullion finished 2nd debuting in a dirt sprint with $75,000 non-winners Feb 23. He's up in class, but has solid turf breeding and should get the distance. He's kind of a tough one to gauge in this spot, but we might use him underneath.

Time Is Now finished midpack debuting in the slop sprinting with this kind Feb 2. That looked like a prep, and Mandella's youngsters tend to improve with racing.

Mo Reserve finished 3rd with Maidens routing at Los Al Dec 16, but was eased when facing this kind in the slop sprinting Feb 2. He's trying turf for the first time and class is a bit of a cloud.

Ocean Fury finished a competitive 4th in both of his starts with this kind last year. Off since July, he's worked 11 times since Jan 22 and could be a threat. He charts well and likely has grown and gotten stronger in the time off.

Takeo is the first foal out of a mare that was 0-for-3. He's worked 12 times since Dec 2. His barn is having a strong 2019, but we're probably going to give him a race.

Proud Pedro (FR) finished 3rd in a 4-horse Maiden field in France Sept 22, his only start to date. He's worked 13 times since Dec 13 and Prat taking the call catches our attention. His barn also does well with imports, so he might merit some attention.

Play Money was favored debuting with Cal-bred straight Maidens in a dirt sprint Feb 16, but ended up finishing 4th of six. He might be better than he showed, but he's also stepping up in class. We'll watch another.

Of Good Report finished 3rd with $50,000 Maiden-Claimers Feb 28. He tops the mini-charting, but would still be a bit of a surprise at this level. He also needs to scratch in.

Deep Thinker (IRE) hit the board in four turf sprints with Maidens in Ireland, the last Oct 13. He's worked 11 times since Dec 9, but we'll watch one if he runs.

METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.

2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.

3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties). 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.

4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.

5. The following Handicapping Factors in COLUMN 8 receive points:
   HF 2 = 15 pts.
   HF 15 = 8 pts.
   HF 15a = 4 pts.
   HF 20 = 4 pts.
   HF 21* = 2 pts.
   * - Assign no points for HF 21c, 21d or 21r.

6. Fractional Chart Order of Finish: (First line under each race table).
   1st (and ties) = 10 pts.
   2nd (and ties) = 6 pts.
   3rd (and ties) = 3 pts.
   "Too many unshowns" award no points.
   If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.

7. In case of ties, split contenders in this method:
   A. Prefer the horse with the highest ratings in Col. 6.
   B. If still tied, prefer the high score in Col. 5.
   C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

RACE APPRAISAL

ANALYSIS: The road to this year's Kentucky Derby has been filled with potholes for the favorites, including **Game Winner** who suffered his first defeat as a heavy favorite in a Grade II at Oaklawn March 16. Still, he lost by just a nose and the race earned a very strong rating. He easily won a Grade I around two turns here in September and is strictly the one to beat. He'll get the HF 15. **Instagrand** faltered a bit when 3rd in a Grade III going a mile around one turn at Aqueduct in his 2019 debut March 9. He won both of his sprints last year by 10 lengths, and that included in a Grade II at Del Mar Aug 11. He'll try two turns for the first time, but might be the one the top choice has to catch. **Roadster** is a barnmate of the top choice and looked good beating bottom-level Allowance foes at a mile in his first start of the year here March 1. He was 3rd to Game Winner in a Grade I sprint Sept 3 and gives Baffert two solid runners. A win by any of the other three would put another monkey wrench into what has been a chaotic season for the 3-year-olds thus far.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Roadster :37.2 - Nolo Contesto :37.5 - Synthesis :38.9

HORSE COMMENTS

Roadster won a bottom-level Allowance in his first start of the year March 1. It was also his first try around two turns. He finished 3rd behind his stablemate Game Winner in a Grade I sprint Sept 3, so it looks like he might be able to play ball with these.

More Ice was running on the turf in So Cal before shipping to Golden Gate and finished a distant 3rd in a $100K Stake on synthetic Feb 16. His only dirt start was his debut sprint at Los Al and he looks like Hollendorfer's 'second string' behind Instagrand.

Nolo Contesto beat Maidens Jan 4 and finished 2nd behind Roadster in a bottom-level Allowance March 1. That wasn't a bad last effort, but a win vs. this kind might be a tall order.

Synthesis finished in the money in a couple of bottom-level Allowance heats before a distant 4th in a Grade II sprinting on a wet track Feb 10.

He moves from Desormeaux to Papaprodromou, but looks outclassed.

Instagrand won both of his sprints last year by 10 lengths, including a Grade II at Del Mar Aug 11. He then shipped to Aqueduct and finished 3rd in a Grade III going a mile around one turn March 9. He has plenty of ability and could be a threat in his second off the layoff if he handles the move to a two-turn race for the first time.

Game Winner won all four of his starts last year culminating in a victory in the Grade I B.C. Juvenile at Churchill Nov 2. He ended up suffering his first defeat in his 2019 debut, but it was a nose loss in a Grade II at Oaklawn March 16, and the race earned a very strong rating. He owns a Grade I win over this track and is definitely the one to beat.

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equaling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

RACE APPRAISAL

ANALYSIS: The 3-year-olds are still sorting themselves out early in the season, so there isn't a lot of proven Stakes efforts in the running lines. **Lady Prancealot** and **Truffalino** finished 1-2 in a bottom-level Allowance going a mile Feb 1. Both rallied nicely in that race and plot well in today's heat. Like many of these, **Prancealot** hasn't raced past a mile, but is a threat if she handles the added distance. **Truffalino** beat Maiden at nine furlongs in her second start Dec 29, so she might be able to turn the tables with the return to this distance. We're going to make her the HF 15a. **Colonial Creed** is a barnmate of **Lady Prancealot** and beat that one in a minor Stake when just missing Dec 30. She also looks like a threat if she

handles the added furlongs. **Lakerball** won a couple of minor Stake last year and exits a 3rd in a Cal-bred Stake Feb 18. She charts decently and could be a factor despite the jump in class. **Maxim Rate** beat straight Maidens in her debut Feb 16. This is a big jump in class, but she charts well and Callaghan uses his 'go to' rider on the Maiden winner instead of his import, **Hostess**. That might be significant. We'll make **Maxim Rate** the HF 20.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Lakerball :35.6 - Lady Prancealot :36.0 - Maxim Rate :36.2

HORSE COMMENTS

Apache Princess had a three-race win streak sprinting snapped when midpack in a Cal-bred route Stake Feb 18. She's up in class and 0-for-2 at a mile, so the move to nine furlongs seems a stretch.

Lady Prancealot (IRE) rallied to beat bottom-level Allowance foes at a mile Feb 1, an effort that tops the charting. She finished 2nd in a couple of Stakes last year and doesn't appear to be facing a strong field for the level. She's a threat if she can stretch out to nine furlongs.

Truffalino beat Maidens at nine furlongs Dec 29 and finished 2nd behind Lady Prancealot at a mile in a bottom-level Allowance Feb 1. She's lightly raced, charts well and could turn the tables with the return to this distance.

Lakerball was no factor with this kind Nov 24, but finished 3rd in a Cal-bred Stake Feb 18. She won a couple of minor Stakes last year and could be a factor if she can transfer her mile form to nine furlongs.

Ladymidtown beat Maidens on synthetic at Golden Gate March 15. This seems a pretty ambitious placing for her first as a winner and she was off the board in her last two turf races.

Colonial Creed beat Maidens Nov 10 and just missed in a minor Stake Dec 30, both at a mile on the grass. Her only bad race to date was a

sprint, so she could make her presence felt again today. She's a barnmate of Lady Prancealot.

Maxim Rate rallied to beat Maidens at first asking going a mile Feb 16. She charts well off that win and could improve with racing. She also gets a rider upgrade to Prat, so don't be too quick to dismiss her.

Hostess (GB) is now a barnmate of Maxim Rate. She was 1-for-3 in England with her win coming in her last start against Allowance foes going seven furlongs on synthetic Oct 13. She's worked nine times since Jan 3 and Callaghan is dangerous with imports. We do prefer our foreign horses to have won on grass, though.

Miss Flawless (FR) won three times from nine starts in France. She was midpack in a Group III Oct 31 and 4th with Allowance foes in her last start Nov 17. She's worked six times since Feb 26 and is catching a soft field or the level, at least on paper. Miller doesn't use one of his 'go to' riders, though.

Killarney Lass beat bottom-level Allowance foes on synthetic at Golden Gate March 7. She tries grass for the first time and class remains a cloud.

HF EXPLANATION

(Column 8 on each race page contains the following numbers that refer to these factors.)

1 **FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.	**15a** **IN-THE-MONEY** – This horse appears to have most of the elements suitable for an in-the-money performance.
2 **LIVE HORSE** – It appears this horse is ready for a top performance.	**16** **LONG LAYOFF** or **RECENCY** – Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
3 **DISTANCE CAPABILITY** – This distance may present a problem for this horse.	**17** **LEG WRAPS** – A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
4 **EQUIPMENT CHANGE** – Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.	**18** **AGE** – The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage.
5 **TROUBLE PRONE** – Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type.	**19** **IMPROVING** – This horse seems to be improving or should improve in this field.
7 **INSIDE POST POSITION** – This inside post position may cause a problem for this horse at this distance.	**20** **LONGSHOT** – Some indicators that are present when horses surprise with a good performance at high odds are noted.
8 **OUTSIDE POST POSITION** – This outside post position may cause a problem for this horse at this distance.	**21** **FITS RACE** – This horse seems to fit this race.
9 **PACE** - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse.	**21c** **FITS RACE** – This horse seems to fit this race except for class.
10c **HIGHER CLASS** - This horse is being tried at a higher level.	**21d** **FITS RACE** – This horse seems to fit this race except for the distance.
10d **LOWER CLASS** - This horse is being tried at a lower level.	**21r** **FITS RACE** – This horse seems to fit this race except for a lack of recency.
11 **FEMALE vs. MALE** – Since it usually takes a better-than- average female to beat an average male, there could be a problem here	**22** **CONDITIONS HORSE** – The conditions for eligibility are ideal for this horse.
12 **FOREIGN RACES** – Previous races for this horse were out of this country. It is difficult to appraise them.	**23** **WORK READY** – Previous patterns and/or special circumstances make recent works very important here.
13 **RELEASED FROM CLAIMING JAIL** – This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').	**24** **SURFACE** – The type surface for this race may not suit the horse.
15 **IN-THE-MONEY** – This horse appears to have all the elements suitable for an in-the-money performance.	**25** **BETTING** – If the betting on this horse is heavier than expected contention is likely.
	86 **VETO** – There is no justification for a win to be expected

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2,15,15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

RACE APPRAISAL

ANALYSIS: McKinzie was a good 3-year-old picking up three straight wins in Graded Stakes before a poor showing when tried vs. older in the B.C. Classic Nov 3. He rebounded with a strong win in a Grade I sprint for sophs Dec 26 and just missed in an older Grade II in the slop Feb 2. This year's 'Big Cap' doesn't appear the strongest of fields, so we'll make **McKinzie** the one to beat and the HF 15a. **Prime Attraction** and **Gift Box** are both making their first starts of 2019, but could be the main two threats. **Prime Attraction** was a minor check collector in Graded Stakes last year, but could get brave on the front end in a race without much other early speed. He ran poorly in this race last year, but certainly could

improve this time around. **Gift Box** was last seen winning a Grade II in his first start for Sadler Dec 26. He was coming off a layoff that day, so we know he can fire fresh and he's been no worse than 2nd in six straight. Sadler also has **Campaign**, who beat mid-level Allowance foes in the slop in his first for start for this barn Feb 3. He's a bit light on numbers and has never won on a fast main track, but we could see using him underneath in the exotics in case one or two of the top runners falters.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Prime Attraction, Campaign :25.0 - Mongolian Groom :25.3

HORSE COMMENTS

McKinzie ran poorly in the B.C. Classic as a 3-year-old Nov 3, but rebounded with a daylight win in a Grade I sprint vs. his own age ground Dec 26 and just missed in an older Grade II Feb 2. He had a string of three straight Graded Stakes last year and could be set to start arnother string of wins as a 4-year-old.

Mongolian Groom beat bottom-level Allowance foes on an off track going a mile Feb 1. He appears to have class and distance issues to overcome, and he's also light on numbers.

Prime Attraction was basically eased in this race last year. He's been collecting minor checks in Graded Stakes, including a near miss in a Grade II in the mud at Keeneland Oct 27 and a 4th in a Grade I at Churchill Nov 23. He does look like a threat in this field and appears

stronger than barnmate Prince Of Arabia. He's worked nine times since Dec 10.

Gift Box won his last two starts of 2018, and came off a nine-month layoff to win a Grade II when moving from Chad Brown to Sadler Dec 26. He's worked 10 times since Jan 10 and we know he can fire off the bench.

Prince of Arabia a barnmate of Prime Attraction, finished up the track in a Grade II on turf when he ran without Lasix Feb 9. That was his first start since July and he'll again run sans Lasix. His last two dirt starts weren't good, either, so he'd be a surprise.

Campaign a barnmate of Gift Box, had been running on the turf for Asmussen in Kentucky last year, but beat mid-level Allowance foes in the slop for Sadler here Feb 3. He's a bit soft on numbers and his stablemate seems the stronger of the two, but he could pick up a share.

METHOD HORSE II

An approach to isolate the contender in each race.

   1. Draw a line through all scratched horses in the top section of the Digest race page.

   2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.

   3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties). 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.

   4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.

   5. The following Handicapping Factors in COLUMN 8 receive points:
   HF 2 = 15 pts.
   HF 15 = 8 pts.
   HF 15a = 4 pts.
   HF 20 = 4 pts.
   HF 21* = 2 pts.
   * - Assign no points for HF 21c, 21d or 21r.

   6. Fractional Chart Order of Finish: (First line under each race table).
   1st (and ties) = 10 pts.
   2nd (and ties) = 6 pts.
   3rd (and ties) = 3 pts.
   "Too many unshowns" award no points.
If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.

   7. In case of ties, split contenders in this method:
   A. Prefer the horse with the highest ratings in Col. 6.
   B. If still tied, prefer the high score in Col. 5.
   C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

RACE APPRAISAL

ANALYSIS: At first glance **Inscom** looks like a very erratic sort as he ran poorly with this kind July 19, but then was a competitive 4th in a Grade II at 30/1 Aug 5. A closer look, though, shows he was cut out to be a good one and he's never been worse than 2nd in four starts on this turf course, including a couple of runner-up tries in Stakes. He's a first-time gelding that could come off the bench and surprise at a price despite topping the charting. He's our gambling HF 15a. **The Hunted** just missed with this kind when earning a big rating Feb 7. He has two wins and that near miss from his last four starts, so he looks like a solid threat. **Colosi** shows a rising numbers pattern and just missed with this kind when stretched out Feb 18. He also would be no surprise. **Rumpus Cat** just missed with similar sprinting Feb 23. He shows a very nice rising numbers pattern and might be good enough to tackle these routing. Our longshot is **Shaky Alibi**. He was 4th with this kind on 'good' turf, but might be better on 'firm' as he just missed with similar Dec 26 and crushed Maidens three back. He's the HF 20.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: United :22.7 - Jungle Warfare :23.0 - Colosi :23.1

HORSE COMMENTS

Cajun Treasure beat straight Maidens in a turf sprint Feb 28. He ran decently in his first three starts routing with Maidens, but we're still looking elsewhere for a winner in his first start at this level.

United shipped from Woodbine and finished midpack with this kind coming off a seven month layoff Feb 18. He could improve with recency, but we'll watch another.

The Hunted just missed with this kind when earning a big rating on 'good' turf Feb 7. He beat Cal-bred Allowance foes three back and looks like a solid threat.

Ostini has beaten Cal-breds in two straight, most recently in a Cal-bred Allowance in his first as a winner Feb 22. He's again up in class, but the frontrunner could hold on for a share and possibly more.

Colosi was no factor in a couple of turf sprints with similar, but then just missed with this kind routing Feb 18, a race in which Jungle Warfare finished 3rd. He earned a strong rating and could be ready to show his best in his third off the layoff.

Jungle Warfare finished 3rd behind Colosi at this level Feb 18 and then shipped to Golden Gate and beat softer Allowance foes on synthetic

March 23. He's collected a lot of minor awards with this kind, so we might use him underneath again.

Rumpus Cat won two straight vs. softer, finished 4th with this kind Jan 25 and just missed with similar sprinting on the grass Feb 23. He's sharp and shows a rising numbers pattern, so don't be too quick to dismiss him.

Inscom has not raced since adding blinkers and finishing 4th at 30/1 in a Grade III for 3-year-olds Aug 5. He ran poorly with this kind July 19, but has twice run 2nd in Stakes. The first-time gelding has worked seven times since Feb 7 and you just don't know which horse will show up today. He's never been worse than 2nd in four starts on this turf course, though.

Shaky Alibi just missed with this kind Dec 26, but then finished a no threat 4th with similar Feb 7. That last was on 'good' and he might prefer 'firm' turf. He could do some rebounding at a price.

King Caymus has been no factor in his first two starts with this kind and would be a surprise in this big field.

Tequila Joe is the only horse entered for the claiming tag after running 5th with $40,000 claimers Feb 24. He has some past class, but we'll pass for now.

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2,15,15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

BEATEN LENGTHS

The beaten lengths shown in the data lines have been converted to decimal form. To help make them more understandable, here are our equivalents:

Nose = .05	½ length = .50
Head = .10	¾ length = .75
Neck = .25

FRACTIONAL TIME AND SUMMATIONS

The columns in this section are mostly self-explanatory with a few exceptions, such as: LF = the last time of the Last Fraction. TV=Track Variant, quoted in lengths or fifths of seconds. Minus figures are given to tracks that are slower than normal and plus figures to tracks faster than normal. RCL (explained inside the front cover of the Digest). RCL AVE = the RCL for a field of average strength for a race of this type. RCL Fln = the final or adjusted RCL per the strength of field after scratches, etc. CPR = Comprehensive Performance Rating for the race. It includes variants for track speed, an unusual pace, etc. PURS = purse for the race, shown in thousands. CONDITIONS = the stipulations a horse must meet to be eligible for the race (the abbreviations are generally explained on the bottom of this or another page in this section). ODDS FAVORITE = the Morning Line odds followed by the last odds shown on the tote board and where the favorite finished (F). ODDS WINNER = the Morning line odds followed by the last odds shown. HW = HOW WON indicates if the winner was F: front runner, E: early speed-no worse third throughout, M: midpack, or R: came from the rear. PP = post position of the winner. HANDICAPPING FACTORS

(Column B on each race page contains the following numbers that refer to these factors.)

1. **FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.
2. **LIVE HORSE –** It appears this horse is ready for a top performance.
3. **DISTANCE CAPABILITY** – This distance may present a problem for this horse.
4. **EQUIPMENT CHANGE –** Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.
5. **TROUBLE PRONE** – Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly, etc. This one seems to be that type.
6a. **WEIGHT –** This horse is carrying enough weight to cause a problem
6b. **WEIGHT –** This horse is carrying little or less weight. It may be an advantage.
7. **INSIDE POST POSITION –** This inside post position may cause a problem for this horse at this distance.
8. **OUTSIDE POST POSITION –** This outside post position may cause a problem for this horst at this distance.
9. **PACE -** The probable pace or speed in the early part of this race may not be suitable to the racing style of this horse.
10c. **HIGHER CLASS** – This horse is being tried at a higher level.
10d. **LOWER CLASS -** This horse is being tried at a lower level.
11. **FEMALE vs. MALE** – Since it usually takes a better-than-average female to beat an average male, there could be a problem here
12. **FOREIGN RACES** – Previous races for this horse were out of this country. It is difficult to appraise them.
13. **RELEASED FROM CLAIMING JAIL** – This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').
14. **WORKOUTS** – Horsemen vary in their training methods and horses vary considerably in their requirements for conditioning, hence, while workouts give some indication of a horse's fitness, they can be greatly influenced by the training methods being employed. Therefore, reliance on the speed of workouts may be dangerous, as may be the case here.
15. **IN-THE-MONEY** – This horse appears to have all the elements suitable for an in-the-money performance.
15a. **IN-THE-MONEY –** This horse appears to have most of the elements suitable for an in-the-money performance.
16. **LONG LAYOFF** or **RECENCY** – Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
17. **LEG WRAPS –** A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
18. **AGE** – The age of this horse is not consistent with that of his competition. A young horse against mature horses or a particularly old horse against younger horses may be at a disadvantage.
19. **IMPROVING** – This horse seems to be improving or should improve in this field.
20. **LONGSHOT** – Some indicators that are present when horses surprise with a good performance at high odds are noted.
21. **FITS RACE** – This horse seems to fit this race.
21c. **FITS RACE** – This horse seems to fit this race except for class.
21d. **FITS RACE** – This horse seems to fit this race except for the distance.
21r. **FITS RACE** – This horse seems to fit this race except for a lack of recency.
22. **CONDITIONS HORSE** – The conditions for eligibility are ideal for this horse.
23. **WORK READY** – Previous patterns and/or special circumstances make recent works very important here.
24. **SURFACE** – The type of surface for this race may not suit the horse.
25. **BETTING** – If the betting on this horse is heavier than expected contention is likely.
86. **VETO** – There is no justification for a win to be expected.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and. FBH indicates a Foreign-bred horses. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's name indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horses last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race.)
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting. The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times

29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces…that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The ‹ indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

29 **ANALYSIS:** All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in **Warrens Stormalert** as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).

30 **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimesthree :31.

HORSE COMMENTS

31 **Troubletimesthree** has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove.
NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.

Warrens Stormalert is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop.
NOTES: Wide around the first turn, chased and tired April 25.
