RACE APPRAISAL

ANALYSIS: **Sea Rascal** is an old-timer who won twice during the last Santa Anita winter meet and Bejarano was up for both. He has routed in his last three starts in No Cal with little success, but should appreciate the move back to a dirt sprint and he plots close off his last one when 2nd vs. this kind June 23. **Rascal** is the HF 15a. **Galleta Monstruo** has rallied for minor awards in two starts off the claim for Mitchell. Rosario rode him to a win Aug 11 and it was interesting that he sent him to the lead that day when normally this guy races near the back and rallies. Either way, he

could be a threat if he can improve off his last two. **Hasty Trend** hasn't raced in nearly 16 months, but he is brought back at the same level and was competitive with this kind in his last two. He worked in exceptional fashion Sept 30 and a check of the tote couldn't hurt. **Analysis by Jon Shonk**

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Sea Rascal :30.9 - Valkyrie Missile and Brady Blue Eyes :31.4

HORSE COMMENTS

Sea Rascal is back from No Cal after five starts and was 7th vs. NW2 Optional Claiming turf routers Oct 2. He has won two of three sprints over this oval and was 2nd in his last dirt sprint for this tag June 23. Bejarano was up for a pair of those wins and he could be one to fear late.

Prince Intent was a pace factor only in his local debut vs. NW1 Allowance sprinters at Del Mar Aug 20. He earned a solid number when 3rd in a \$50k Stakes at Hastings Aug 1 and is out of some productive events. However, his numbers outside of that Aug 1 effort would all plot down the list and he may be a pace factor only right back.

Galleta Monstruo has earned minor slices in two starts off the claim vs. NW1 Optional Claimers. He is usually a closer, but the last time Rosario rode him Aug 11 he set the pace and held for the win. A repeat of that one would likely make him a strong win threat and that was a decent work Oct 27. We'll give him a look.

Brady Blue Eyes has good early speed, but hasn't shown much stick at and above this level of late. He is a dirt sprint winner, but was four lengths back of neighbor Monstruo Aug 11 and we'll limit him to a minor award.

Hasty Trend hasn't been seen since his 2nd vs. similar turf sprinters June 20, 2010. He has seven works since Sept 10 with one exceptional for a barn that can pop with a comebacker. It seems encouraging he is brought back for the same tag, but he is still for sale despite the rule that they can waive the claiming tag for a runner being off nine months. Still, we'll tab the tote for more clues as to his readiness.

Valkyrie Missile was moved to the turf off the claim and finished 8th vs. \$40,000 sprinters Oct 2. This will be his first start on dirt and his barn doesn't win too often anymore. The numbers suggest he can bounce back at this level, but we'll try to beat him.
