RACE APPRAISAL

FAVORITES: In races of this type at Golden Gate, the favorites' win rate is far far below normal at 18.8%, and their 68.8% in-the-money is slightly above normal.
ANALYSIS: Tall And Cool One has been sharp as of late and defeated \$20,000 soph dirt routers May 27. He co-tops the charting off that one, should be a forward factor throughout and has a hot trainer/jockey duo. Make 'One the HF 15a. Sir Toasty sat off Night Gig, took the lead in the stretch and tired late to be 3rd at this level May 28. 'Toasty should receive another pressing trip throughout and looks like a contender. Night Gig set the pace May 28 and held 2nd. He has hit the board in

every turf start and merits exotics consideration at the very least. Parker Valley ships north off of two poor efforts against NW2 types and has a slow work since raced. However, he just missed in his last turf route April 3 and maybe the change in surface and scenery will help to wake this guy up.
CLOSERS: Fastest in the stretch in recent races: Woody Two Shoes :31.2 - Sir Toasty :31.5 - Night Gig :32.3

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in post position, weight carried, class, track, surface, pace characteristics, etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected race is shown preceded by a letter indicating which track (A = Aqueduct, B = Bay Meadows, BE = Belmont Park, CA = Calder, CD = Churchill Downs, D = Del Mar, E = Emerald Downs, F = Fairplex Park, FG = Fair Grounds, FN = Fresno, G = Golden Gate, GP = Gulfstream Park, H = Hollywood Park, KEE = Keeneland, L = Los Alamitos, LS = Lone Star, M = Monmouth, P = Pleasanton, S = Santa Anita, SC = Sacramento, SA = Saratoga, SK = Stockton, SO = Solano, SR = Santa Rosa, T = Turf Paradise, TP = Turfway) and followed by a number indicating how many races back it was.
