

TIM OSTERMAN'S FAST FIGS

Today's Racing Digest has been producing performance figures for over 25 years and have most recently introduced our newest figure, the **FIRE Number**. However, there are other sources for such numbers and we are proud to now offer **Tim Osterman's FAST FIGS**. Osterman, a fixture in the California Handicapping scene for the last 20 years will provide a '**FAST FIG**' for each horse. This rating is a combined class/performance figure based on the horse's overall effort and the strength and level of the fields faced. Horse's scoring within FIVE points of the top figures should be considered contenders in today's race. If a horse's rating is following by a (+) it means a horse may be ready to improve on today's figure. Generally, a plus (+) is potentially worth an additional FIVE points. Runners rated 'X' are either first-time starters, shippers from a new circuit, comebackers off more than four months or horses that simply could not be assigned a reliable rating.
