Trainer/Jockey Statistic

What is it? The trainer/jockey statistic shows the past number of mounts, wins, 2nds, and 3rds compiled when the trainer has employed today's jockey.

In this example (V. Cerin/R.Migliore = 11 1-1-3), Vladimir Cerin has used Richard Migliore on his horses 11 times the past six months, which has resulted in one win, one 2nd, and three 3rds.

- 1: Ten Meropa
- 2: White Spar
- 3: Sea Of Pleas

FAVORITES: In rate is far, far above also far, far above
ANALYSIS: Jeff Mullins as he sends out speeds from Arizona, and the late-Grade III Baldwin Stakes in that Mullins will find a reason to doesn't, we could be looking at a shipper **Young Joe** wants to be allowed to use his zip vs. older Bejarano, who takes over from seemed all that comfortable the two others speedsters

TRACK PROFILE: 18 races F=33.3% P=33.3% M=11.1% R=22.2%

COMMENTS - WORKS - DATA LINES

Leonides (V. Cerin/R. Migliore = 11 1-1-3)

has been carefully spotted throughout his career, as this is just his seventh start since starting out 54 weeks ago. He earned a big number when stretched out at Lone Star Park, as he stalked the pacesetter only to be outfinished by good one El Gato Malo. That race points him out as the one to beat and he finished in front of Sea Of Pleasure when 2nd in the San Miguel March 29. He may be very underrated on paper.

BREEDING: Richter Scale(0%T,25%M) - North East Belle By Beau Genius

NOTES: Stalked the pace; outfinished May 10. Slow rail throughout March 29. Perfect trip Feb 25. Pressed the pace and tired Sept 5.

STATS: 51 5-8-12 (9.8%) with R/S.

Sea Of Pleasure (J. Mullins/R. Bejarano = 8 1-2-1)

probably didn't get the best of rides from Tyler Baze when he tried tough older Allowance types June 5, as he was taken off a moderate pace rather than being asked to show his usual good zip. He loomed up in mid-stretch, but flattened out between horses. He's back with his own age group, gets a rider change and figures to show his old zip.

BREEDING: Sea Of Secrets(0%T,32%M) - Doubleyourpleasure By Double Negative

NOTES: Taken back to stalk the pace and tired between horses late June 5. Duelled on the slow rail and tired March 29. Rushed to duel, lugged-out entering the stretch and tired March 2. Stalked, drifted out in the stretch and impressive Feb 16.

How do you use the Trainer/Jockey stat?

How do you use the Trainer/Jockey stat?

The more wins a trainer and jockey show together, the better – it's as simple as that.

Oftentimes, when a trainer is serious about his horse's chances, he'll employ one of his favorite riders. The trainer/jockey stat illustrates which jockey(s) the trainer is currently having success with.
