

TODAY'S RACING DIGEST: Del Mar – August 19, 2015

www.todaysracingdigest.com

Dear Digest Readers,

For those of you who might have missed it, we are producing Digests for every track in the country. You can buy the Data Lines for every race from Assiniboia Downs to Zia Park. And, we do complete Digests for the major meetings: Saratoga, Gulfstream Park, Belmont, Aqueduct, Keeneland and Churchill Downs. We've added the Monmouth summer meeting, too. All of these editions are available for download and we continue to publish hard copy for Southern and Northern California.

If you are in Las Vegas and aren't getting the Digest delivered to your race book, contact your race book manager and ask for them to begin carrying the Digest for you.

Our goal is to help you make informed betting decisions on a daily basis and strive to offer a handicapping lesson in every issue.

Today's Racing Digest FAQ

What is Today's Racing Digest? For over 40 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number. Noted handicapper/writer Tim Osterman also contributes the Fast Figs, which are a speed and class figure all in one.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (760) 603-8800. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our website you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

DEL MAR FRACTIONAL TIME COMPARISONS

Today's Racing Digest

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown followed by a number indicating how many races back it was.

4th RACE				
War Destiny	08/10	DMR/FT 5F	100.0h	
Very strong mid range solo drill while finding best stride in the lane finishing up in 23 4/5.				
Top Drawer	08/10	DMR/FT 4F	49.8h	
Was 2nd best to Magical Touch in easy ½ mile session.				
Somethingaboutnick	07/30	DMR/FT 4F	47.8h	
Preparation for comeback has been solid & Maldonado has been aboard several times in the morning drills.				
Heavenly Haze	08/13	DMR/FT 4F	49.2h	
Easy maintenance mode move while under a snug hold finishing up all square w/ Quietasacat.				
Devil Rising	08/12	DMR/FT 4F	48.6h	
Simplistic ½ mile gig easily accomplished void of any urging.				
5th RACE				
Sidepocket Run	08/13	DMR/FT 5F	101.4h	
Was beaten a length but stablemate, Analysis Paralysis in maintenance 5 panel maneuver.				
	06/13	SA/FT 6F	113.2h	
Solid elongated drill from the beginning. Brings a lot of speed to this heat & not sure she want's to go this far but if she gets an easy lead she may grow a big heart.				
Q' Viva	08/11	DMR/FT 5F	101.2h	
Worked as a single & while leaving a mostly positive impression @ the conclusion of the drill.				
Flat Footed Mama	08/13	DMR/FT 6F	116.0h	
Very dull solo elongated drill while never really showing any kind of run which is rare for connections.				
	06/11	SA/FT 4F	49.8h	
Love these Temple City offspring. She's bred to run all day & we expect a much improved effort w/ the longer distance today.				

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
Filly On Fire	08/09	DMR/FM 5F	104.2h	
Easy gallop over the grass course while showing a decent turn of foot late to finish w/ some energy. Exotics players looking for a price should include this gal in your plans.				
Big Move	08/13	DMR/FT 5F	100.2h	
Very strong drill in company w/ Tossmeacutie to finish all square @ the wire. Should relish 2 turns.				
6th RACE				
Sugar Buzz	08/13	DMR/FT 4F	48.2hG	
Was best over Royal Rebel in ½ mile gate drill without being asked.				
Shot in the Dark	08/01	DMR/FT 5F	104.4hG	
Got destroyed out of the gate w/ some company while not appearing to be much.				
Rocky Justice	08/05	DMR/FT 5F	101.4hG	
Was clearly 2nd best to company out of the gate, Sea the Preacher finishing behind by almost double digits.				
Palamon	08/02	DMR/FT 5F	103.6hG	
Doesn't appear ready for debut & in this gate work was clearly 2nd best to Among the Angels.				
Brownie Finale	08/15	DMR/FT 4F	49.0hG	
Worked in company w/ another gray out of the gate, There for You. Finished all square @ conclusion of the work session.				
Benesh	08/13	DMR/FT 5F	101.6h	
Average solo maneuver while appearing capable of more if called upon.				
7th RACE				
Holy Lute	08/15	DMR/FT 3F	38.4h	
Was under a strong hold for throughout for easy lung expansion drill from the 3/8's pole.				
Heir of Storm	08/13	DMR/FM 4F	48.4h	
Owns a win over the course @ this distance so this maintenance ½ mile maneuver is redundant to say he appears very comfortable over the local lawn.				
Forest Chatter	08/11	DMR/FT 4F	50.0h	
Solo move that was average @ best but in his defense he wasn't asked for much.				
Boat Trip	08/13	DMR/FT 4F	48.8h	
Best of team in easy ½ mile drill in company w/ stablemate, Two Ten.				
Ankeny Hill	08/14	DMR/FT 3F	35.0hG	
Looked good in short gate drill w/ Talamo aboard while under a good hold & best over O'Neill trained, Excessive Journey.				
8th RACE				
Wild	08/12	DMR/FT 4F	49.2h	
Was drifting out late in the solo session but T. Baze stays aboard & figures for a piece of the minor awards.				
The Fox Said What	08/13	DMR/FT 5F	102.8hG	
Was trounced by a Headley trainee on the comeback trail, Circle the Moon out of the gate in mid range maneuver.				
Pyrotechnics	08/11	DMR/FT 4F	49.4h	
Proved best in team drill w/ recent winner China Girl Lover who received a major trainer upgrade from Carl O'Callaghan to Dan Hendricks. Exotics players may want to include this guy in your plans.				
Pleasure Point	08/12	DMR/FT 5F	102.2h	
Solo move that was disappointing @ best. Nothing positive to recommend.				
Maxticator	08/13	DMR/FT 5F	100.6h	
This drill was a decent time but looked horrible in the process. 3 straight double digits defeats say...NO.				
Lucky Shoes to Win	08/12	DMR/FT 6F	113.6h	
Solid elongated move while finishing all square to Rockin Bayou after departing the 6 on equal terms. Improved effort could be in the mix @ a decent price.				
Aaron Again	08/14	DMR/FT 4F	48.6h	
Finished up heads up w/ grass performer Unusual Style while leaving a positive impression for this lowly bottom level clm event.				

TIM OSTERMAN'S FAST FIGS

Today's Racing Digest has been producing performance figures for over 25 years and have most recently introduced our newest figure, the **FIRE Number**. However, there are other sources for such numbers and we are proud to now offer **Tim Osterman's FAST FIGS**. Osterman, a fixture in the California Handicapping scene for the last 20 years will provide a '**FAST FIG**' for each horse. This rating is a combined class/performance figure based on the horse's overall effort and the strength and level of the fields faced. Horse's scoring within FIVE points of the top figures should be considered contenders in today's race. If a horse's rating is following by a (+) it means a horse may be ready to improve on today's figure. Generally, a plus (+) is potentially worth an additional FIVE points. Runners rated 'X' are either first-time starters, shippers from a new circuit, comebackers off more than four months or horses that simply could not be assigned a reliable rating.

STEVE FIERRO'S RACEDAY USA BETTING LINE

Today's Racing Digest now features a betting line. A betting line is the second quarter of a complete handicapping/investing process. The betting line is applied following contender selection. This is outlined in Steve's book *"The Four Quarters of Horse Investing"*.

PLEASE READ THE ITEMS LISTED BELOW

The betting line is simple and easy to use. It is designed to point out the value opportunities in a race.

Here are the recommendations or "best way" to use the betting line:

1. The top contender is offered at odds higher than listed on the betting line (overlaid). This is the strongest feature of the betting line.
2. If two contenders are overlaid, start at the top. The contender listed closest to the top is the play. If the two are above 8/1, play them both.
3. If three contenders are overlaid the race is a pass. The race is chaos and long term this is a losing situation.
4. Legitimate favorites: If the betting line lists the top contender at 3/2 or less and the betting public sends this contender to post at 3/2 or less, this race must also be passed. This is a strong contender. The other contenders become "false overlays" because of the heavy action on the "legitimate" favorite. They do win, but long term they pay far too little to produce a profit.

Exotics: The betting line is a "win oriented" service. It is an excellent tool in constructing doubles, Pick 3's, and 4's, from a value standpoint.

DEL MAR - August 19th, 2015

1st race

Lexie Arleen	2/1
Smooth Talker	5/2
Warrensdollarsigns	7/2

Lexie Arleen was claimed from her last start. The new connections have an excellent opportunity to head right to the profit plus category with the win.

2nd race

Analysis Paralysis	2/1
Bella Sierra	5/2
Cadet Roni	9/2

Analysis Paralysis is an early projection play on the card. I look for her to improve with the move to this high-end maiden claimer.

3rd race

Follow Me Crev	2/1
Wicked Finance	3/1
Image of Joplin	7/2

This turf Marathon is interesting. You have to go back to April to find a win from the seven entrants. Let's see if Follow Me Crev can get to the wire first.

4th race

War Destiny	2/1
Heavenly Haze	3/1
Prodigious	7/2

Sadler went to the maiden claiming basement with War Destiny last time out. The just hung on for the win. This is a logical spot for the first start versus winners. 5/2 and up will do.

5th race

Big Move	9/5
Q' Viva	3/1
Redo It	4/1

Big Move is stretching out on the turf off a short layoff. I don't think she needs the lead to hit the wire first. Fair odds may be a real challenge.

6th race

Sugar Buzz	5/2
Unbridled Rocket	5/2
Frac Candy	3/1

Three runners are close together on the betting line in this one. I am partial to the debuting Sugar Buzz from the Dollase barn. 3/1 and up will do.

7th race

Forest Chatter	2/1
Distinctiv Passion	5/2
Heir of Storm	4/1

There is plenty of early speed signed up for this featured race. If Forest Chatter runs his race he should run them all down before the wire.

8th race

Aaron Again	2/1
Santiago's Home	3/1
Wild	7/2

Let's close out the card with Aaron Again. He was 7/1 in his last race. I am thinking a price in the 3/1 range will be offered today.

RACE APPRAISAL

ANALYSIS: In this Maiden-Claimer two horses have really caught our eye. **Cadet Roni** ran poorly in a turf route with straight Maidens July 25, but was competitive with that kind in her last two dirt sprints. She wins the paper race and should be dangerous dropping to this level and return to a dirt sprint. **Bella Sierra** was dismissed at long odds in her debut, but showed some speed and finished a decent 4th with Cal-bred straight Maidens May 23. The interesting part is that race has produced four next-out winners, including the horses that finished 1st and 3rd. She'll add blinkers and might offer good value at the windows given her modest connections. We'll make both HF 15a's as **Cadet Roni** is the most-likely

winner, while **Bella Sierra** is probably the value play. **Appealing Lady** and **Analysis Paralysis** are both coming off layoffs, but at least rate a look on the track and on the tote board. **Appealing Lady** is now in a chilly barn, but her form against tougher last year for Sadler was pretty solid. **Analysis Paralysis** ran just Ok in a couple of races against straight Maidens last year, but her trainer has a good record with comebackers, and the softer competition can't hurt. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Carbon Beach :25.2 - Cadet Roni :26.2 - Analysis Paralysis, Bella Sierra :26.6

HORSE COMMENTS

Bella Sierra outran long odds when 4th in her debut with Cal-bred straight Maidens May 23. She'll add blinkers and is facing open \$50,000 Maiden-Claimers today, but that last heat has produced four next-out winners, including the winner and the 3rd-place finisher. She rates attention and her odds could stay high.

Appealing Lady has not raced since a distant 4th with \$75,000 non-winners routing Oct 23. She moves from Sadler to Eurton, has the blinkers worn for her last start removed and has worked 10 times since June 10. She could be a threat on her past form, but her new barn has been kind of cold at the meet (1-for-35). In this field, we still might give her a look in the exotics.

Seaward Cottage ran last debuting with straight Maidens July 16. The drop in class might help, but that first effort was pretty bad.

Holiday Starlet ran poorly in her debut when beating only neighbor Seaward Cottage in that straight Maiden heat July 16. Like that one, she

might improve with racing and the drop in class, but she's tough to like off that first effort.

Lynn's Chancie finished a distant 3rd debuting with \$40,000 Maiden-Claimers July 24. She'll add blinkers, but the slight jump in class seems unwarranted.

Cadet Roni ran decently with tougher straight Maidens sprinting May 24 and June 20, but then ran poorly when tried in a turf route with that kind July 25. She'll add blinkers and might rebound in a big way with the drop in class and return to sprinting. The paper race winner deserves a long look.

Carbon Beach finished a distant 3rd debuting with much softer \$20,000 Maiden-Claimers June 27. She'd be a surprise at this level.

Analysis Paralysis hasn't raced since running last with straight Maidens in a synthetic route Nov 21. She's worked 14 times since May 13 and her barn is pretty good with comebackers. Tote and post parade checks couldn't hurt.

METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.
2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.
3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties), 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.
4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.
5. The following Handicapping Factors in COLUMN 8 receive points:
HF 2 = 15 pts.
HF 15 = 8 pts.
HF 15a = 4 pts.
HF 20 = 4 pts.
HF 21* = 2 pts.
* - Assign no points for HF 21c, 21d or 21r.
6. Fractional Chart Order of Finish: (First line under each race table).
1st (and ties) = 10 pts.
2nd (and ties) = 6 pts.
3rd (and ties) = 3 pts.
"Too many unshowns" award no points.

If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.

7. In case of ties, split contenders in this method:
 - A. Prefer the horse with the highest ratings in Col. 6.
 - B. If still tied, prefer the high score in Col. 5.
 - C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

RACE APPRAISAL

ANALYSIS: This race seems loaded with speed, so **Top Drawer** could sit a perfect trip stalking from off the pace as he did when 2nd with \$25,000 soph claimers April 18 and with \$20,000 soph claimers May 30. He ran poorly when sent long with this kind June 26, but he was claimed by Palma, who has done well first off the claim. We'll make him our HF 15a. **Devil Rising** also should get the right trip. He ran poorly routing on the turf in a Starter Allowance Aug 2, but he'd run well sprinting on turf in Florida before that, and handled the dirt Ok as Maiden before that. He's worth a look if he goes off at any kind of a price. **Heavenly Haze** is lightly raced and beat straight Maidens sprinting July 3 before being overmatched in a route with Cal-bred Allowance foes July 24. He could rebound at this level and with the return to sprinting. **Next Right** is a

dedicated frontrunner that has faded in crunch time in his last three turf sprints, although he was just overmatched when put in a \$50,000 claimer Aug 5. He beat \$20,000 non-winners by 14 lengths on dirt March 26, so he is the type that might wake up and just forget to stop at a price one of these days. The abundance of other speed does seem to hurt his chances, though. **Clever Move** hasn't raced since January, but he beat straight Maidens in his only dirt start Dec 21. His barn has a good record off the layoff, so he's another price horse that could surprise. We'll make him our HF 20.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Top Drawer :18.7 - Devil Rising :18.8 - Prodigious :18.9

Devil Rising ran poorly in a Starter Allowance turf route in his first start for Hollendorfer Aug 2 after racing for Bates in Florida before that. He ran well in turf sprints in Florida and Ok in dirt sprints before that, so perhaps that last outing is just a toss out. Better is possible returning to a sprint.

nothing special, but he should be a solid fit at this level, and the return to sprinting should also help.

War Destiny got a big drop in class and beat \$20,000 Maiden-Claimers in the slop July 19. He earned a just Ok rating off that win, and we'll have to see if he can duplicate it on a fast surface. He did run well with straight Maidens on 'fast' a couple of times earlier in the year, though.

Next Right has been showing speed and fading late in turf sprints of late, most recently a \$50,000 claimer Aug 5. He graduated on dirt in a 14-length romp over \$20,000 non-winners March 26, so you never really know when he might forget to stop. He'll have blinkers removed and rates respect, although there is plenty of pace signed on.

Top Drawer threw in a real stinker when favored vs. this kind routing June 26, a race in which he was claimed by Palma (from Ellis). He wins the paper race off his 2nd vs. \$20,000 soph claimers sprinting May 30, so he could rebound with the return to the short game for a barn that is chilly at the meet, but very good first off the claim.

Prodigious finished next to last with Starter foes July 29. He's in for a tag for the first time, but his recent form seems kind of suspect.

Somethingaboutnick couldn't beat \$20,000 non-winners, but then graduated in a \$7,800 Maiden-Claiming mixed-breed dash at Los Al May 30. He's back with Thoroughbreds, so we'll go ahead and watch another.

Clever Move has not raced since a midpack effort with bottom-level Allowance foes in a turf sprint Jan 15. He beat straight Maidens in his only dirt start to date, and he's worked nine times since June 18. The barn is low percentage, but has a good record with comebackers. He might rate a longshot look.

Heavenly Haze beat straight Maidens at Los Al July 3, but then ran poorly when tried with Cal-bred Allowance foes routing July 24. His numbers are

Whiskey Wild was claimed by West (from Hess Jr.) when last with this kind July 22. He'd run well with Starter foes in March, but that last outing off the four-month layoff has to concern. We'll watch another.

RACE APPRAISAL

ANALYSIS: There are three that seem to stand out above the others. **Frandonjjudge** looked good beating restricted \$32,000 claimers when stretched out in her first start off the claim for Hollendorfer. He now protects his \$25,000 purchase with the move to the Allowance ranks and an outside post would be a plus should she crack the starting lineup. Tim Yakteen has been putting Rafael Bejarano on winners all year and he switches to Bejarano while stretching out Maiden turf sprinter **Big Move**. She has the speed to go right to the front and may prove hard to down. **Sidepocket Run** is a 6-year-old mare that has been training sharply for her first start since running 2nd with state-bred Stakes sprinters May 23. She has routed decently and should get a good trip from the

second flight. Paper race winner **Judge** lands the HF 15a, but we'll use all three to start the Late Pick 4. **Redo It** gets tested for class after beating Maidens on this course July 26. She's drawn outside and has modest upset potential. **Awesome Lookn** is making her second start off the claim for Peter Miller and she has been working regularly of late. She fits as does **Q' Viva**, who was 3rd under these conditions on this layout when stretched back out July 26.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Sidepocket Run :29.2 – Frandonjjudge :29.6 – Stole A Kiss :30.2

Awesome Lookn is an improved Golden Gate claimer that was brought south to try this kind after being claimed for \$20,000 by Peter Miller May 17. She stalked the pace and finished evenly in that initial turf start and returns two months later at the same level. She's likely better than the number suggest.

returned to run 2nd with Cal-bred Stakes sprinters May 23. She beat her odds that day and makes her first start since then. She's been in very steady training for this and should be plenty fit. She owns the best last-race Final Time Rating (125) and figures to get a good trip from the second flight. She's arguably never been better.

Vegas Bound stalked the pace to beat restricted \$16,000 claimers July 12 on the dirt at Los Al. She only faced four rivals that day and this return to turf may not do her a lot of good. Still, winning form is good form.

Flat Footed Mama is owned by the Bafferts and she ran OK with this kind in two of three comebacks at Santa Anita. She's been off another three months, has tactical speed and should be effective again.

Big Move gets a switch to Bejarano and that's been a clue to finding Yakteen's winners in 2015. She's facing winners and routing for the first time, but the speedster may be able to control the pace. Watch the betting.

Q' Viva was beaten by Sidepocket Run in a March 29 sprint and returned to beat that kind two races later. She rallied for the show when stretched out under these conditions July 26 and Prat is an able replacement for Bejarano, who has jumped ship to ride Big Move.

Filly On Fire is another that is stretched out for the first time only she flunked her two tests as a winner. She has some speed, but is more question mark than exclamation point.

Redo It stalked a moderate pace to wear down Maidens on this course July 23. That was her first route and she may move forward with that one route under her belt.

Stole a Kiss beat Starter types on the grass April 10 and returned to run 2nd with this kind May 21. She's been freshened since a dull try June 19 and has been working very well at Los Al. She can rebound.

Frandonjjudge was claimed for \$25,000 June 13 by Jerry Hollendorfer and he stretched her out and upped her price when he ran her back seven weeks later. That's a positive pattern and she didn't disappoint, as she stalked the pace before taking over in mid-stretch to beat those restricted \$32,000 claimers. He'll protect her under the Allowance conditions today and she plots on top.

STEVE FIERRO'S RACEDAY USA BETTING LINE

DEL MAR - August 19th, 2015

1st race

Lexie Arleen	2/1
Smooth Talker	5/2
Warrensdollarsigns	7/2

Lexie Arleen was claimed from her last start. The new connections have an excellent opportunity to head right to the profit plus category with the win.

2nd race

Analysis Paralysis	2/1
Bella Sierra	5/2
Cadet Roni	9/2

Analysis Paralysis is an early projection play on the card. I look for her to improve with the move to this high-end maiden claimer.

3rd race

Follow Me Crev	2/1
Wicked Finance	3/1
Image of Joplin	7/2

This turf Marathon is interesting. You have to go back to April to find a win from the seven entrants. Let's see if Follow Me Crev can get to the wire first.

4th race

War Destiny	2/1
Heavenly Haze	3/1
Prodigious	7/2

Sadler went to the maiden claiming basement with War Destiny last time out. The just hung on for the win. This is a logical spot for the first start versus winners. 5/2 and up will do.

5th race

Big Move	9/5
Q' Viva	3/1
Redo It	4/1

Big Move is stretching out on the turf off a short layoff. I don't think she needs the lead to hit the wire first. Fair odds may be a real challenge.

6th race

Sugar Buzz	5/2
Unbridled Rocket	5/2
Frac Candy	3/1

Three runners are close together on the betting line in this one. I am partial to the debuting Sugar Buzz from the Dollase barn. 3/1 and up will do.

7th race

Forest Chatter	2/1
Distinctiv Passion	5/2
Heir of Storm	4/1

There is plenty of early speed signed up for this featured race. If Forest Chatter runs his race he should run them all down before the wire.

8th race

Aaron Again	2/1
Santiago's Home	3/1
Wild	7/2

Let's close out the card with Aaron Again. He was 7/1 in his last race. I am thinking a price in the 3/1 range will be offered today.

SIXTH RACE - DEL MAR

RACE APPRAISAL

ANALYSIS: Sometimes the simple approach is the best approach. **Distinctiv Passion** has been first under the wire in four of his last five starts outside the Graded Stakes ranks. He was DQ'd to 3rd after lasting to the wire in this race last summer and rates top billing again after setting the pace in the Grade 1 Bing Crosby July 26. **Heir of Storm** was switched to sprinting on the grass for the first time and got a perfect trip stalking a slow pace from the outside. He was game to the wire to win a cavalry charge while horses like **Holy Lute** and favored **Forest Chatter** took the worst of it behind him. **Storm** should get a good trip from the outside again, especially if **City of Vengeance** is hustled to duel with **Passion** early. That one won his first two starts on the grass in Florida and is one

of two comebackers from the Wesley Ward barn that are entered above their Allowance conditions. **Inkling** is other and he's trained sharply at Keeneland for this and may offer decent odds. So might **Lute**, who was blocked down the stretch July 22, while **Chatter** was favored to win the common affair, but was shuffled back around the turn to lose his best chance. Both are stuck on inside, but they can do better. **Ankeny Hill** has been freshened but was this good during the winter and can't be counted out. Again, though, we'll keep it simple and start with **Passion**. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Forest Chatter :10.6 – Distinctiv Passion and Bobby Z Man :11.0 – Holy Lute, Boat Trip, and Heir of Storm :11.2

HORSE COMMENTS

Holy Lute was only two lengths back of Heir of Storm under similar conditions on this course July 22 and had nowhere to run down the lane. He was Grade 3 placed in the spring and has odds-beating potential the second time around.

Forest Chatter ended up lapped on 'Storm in that July 22 turf sprint despite being shuffled back around the turn. He was favored that day on the strength of four consecutive turf sprint wins at Santa Anita. Smith rides him back and he may make amends.

Ankeny Hill has run OK on this course and will be making his first start following a four-month break. He has stalking speed and was competitive in second-tier turf sprints in the winter. He could hold on for a shre and he did work fast Aug 7.

Inkling (AUS) won two of six in Australia before landing in the Wesley Ward barn. He's very good with turf sprinters, and he spots this one well above Allowance conditions. That would seem a positive signal, especially since he shipped him in all the way from Kentucky to do it. Beware.

Boat Trip was the fifth head on the wire in the July 22 common affair and the front-wraper will making his second start following 11 months of down time. Recency has to help as he seemed to flatten out the last 100 yards. Add him to the list of potential odds-beaters.

Distinctiv Passion was DQ'd from the win in this race last year, but the speedster is back on the grass for the first time in 2015 and he's arguably the speed of the speed. He plots on top and deserves a chance for losing the win as the 5/2 favorite last year.

Heir of Storm pressed a moderate pace and lasted to the wire to end up on top of a logjam in a race rated at this same 185 class level July 22. He left most of these in his wake, but the margin was narrow. That was his first turf start, though, and he passed it nicely and may improve now that he's gotten a feel for the surface. He may be underrated the most on paper.

City of Vengeance gives Ward a second starter and the speedster has been freshened since being beaten to the lead and stopping in his last two starts on dirt. He won his first two career starts on the grass in Florida in this return to turf can't hurt. He's very quick and may be able put enough pressure on 'Passion to cause him to wobble down the lane. He may last to the wire, but he may set things up for stablemate Inkling, too.

Bobby Z Man was claimed away from Barry Abrams Aug 5 and is wheeled back in two weeks. He rallied too late in that \$50,000 claimers and would seem ambitiously spotted on the raise. He's consistent, though.

RACE APPRAISAL

ANALYSIS: Ghost of Navigator caught a tiring Santiago's Home to grab the show Aug 6. They own the best last-race Final Time Ratings (95 and 93, respectively) and are the ones to fear right back. The twice-raced 'Home' would seem to have more room to improve, especially he probably didn't get much out of his first start, a sloppy-track sprint. He should be fitter this time around. **Pleasure Point** is stretched back out for comeback

start #2 and got close routing in his 2014 debut. He can do better. **Lucky Shoes to Win** got stuck on the slow inside July 17, but moves to the outside and can do better. The Charting puts him right on top. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Ghost of Navigator :33.3 - Santiago's Home :33.7 - Pleasure Point :33.9

Fortyate Hi Points beat his odds July 10, but immediately returned to poor form Aug 2. That last race is likely more representative even though we plotted the July 10 effort.

Maxticator has run three times and, judging by those races, is HF 86 material even though he showed more speed on the stretch-out Aug 2.

Wild cannot run. Add him to the '86' file.

Ghost of Navigator rallied from far back to be 3rd under these conditions Aug 6. He had trouble at the start, his first for Avila, ran on nicely and is eligible to improve again.

All Star Parade is dropped to the bottom and returned to dirt, two changes that may really help. Blinkers go on for the first time, too. Of the down side, the trainer stats are all pretty bad.

Bern is a sprinter with some speed, but the front-wrapper needs to find some stamina.

The Fox Said What will race without blinkers after he ran to his dead-on-the-board price debuting in a July 10 sprint. He shows a series of 5F works, is bred to route and better seems possible.

Pleasure Point was done early in his July 25 sprint return, but did run for the show debuting at a mile last December and can do better with recency on his side.

Pyrotechnics was beaten the length of the grandstand when best of the rest Aug 2. He fits on class off his June 14 turf sprint, but his ability to route remains in some question. The blinkers removed last time return for this.

Aaron Again is a 5-year-old that chased and tired under these conditions at Los Al July 3. He's got some speed, but needs to develop some 'stick'.

Lucky Shoes to Win beat his odds June 5, but was no threat under these conditions when showing speed from the slow inside July 17. The move to the outside may help him get back on track.

Santiago's Home ran an improved race when stretched out in career start #2 Aug 6. He was lapped on the more-experienced Ghost of Navigator under the wire after leading into the stretch. He had to need the race after spinning his wheels debuting in the slop July 19. Much better is possible and Gonzalez races his stock into shape as a rule, too.

Iam Dani was outrun in his first two sprints at the meeting and the extra distance may not help.

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equaling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

TRACK BIAS

Race tracks play differently every day due to weather, normal maintenance, etc. Sometimes the track seems to favor no particular running style and no part of the track seems better than another. That's not always the case, though, and trip handicappers have long made their money by noting whether the track favored one type of running style or another and then following the horses that ran 'against the bias'. We divide track bias into two types on the main track. There are running style biases in which either horses with speed, we call them Front Runners in this table, or no early speed, Late Runners, have an advantage. There are also days when the rail is better than the outside and vice versa. These biases run from moderate to strong to dominant. We will code the biases as follows: 1= Moderate, 2= Strong, 3 = Dominant. The strong and dominant biases deserve the most attention. In turf racing, we report the position of the auxiliary rails, as 'rails UP' can promote speed. The strong and dominant biases deserve the most attention. On turf, we report the position of the auxiliary rails, as 'rails UP' can promote speed.

- FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.
- LIVE HORSE** - It appears this horse is ready for a top performance.
- DISTANCE CAPABILITY** - This distance may present a problem for this horse.
- EQUIPMENT CHANGE** - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.
- TROUBLE PRONE** - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly, etc. This one seems to be that type.
- 6a. WEIGHT** - This horse is carrying enough weight to cause a problem
- 6b. WEIGHT** - This horse is carrying little or less weight. It may be an advantage.
- INSIDE POST POSITION** - This inside post position may cause a problem for this horse at this distance.
- OUTSIDE POST POSITION** - This outside post position may cause a problem for this horse at this distance.
- PACE** - The probable pace or speed in the early part of this race may not be suitable to the racing style of this horse.
- 10c. HIGHER CLASS** - This horse is being tried at a higher level.
- 10d. LOWER CLASS** - This horse is being tried at a lower level.
- FEMALE vs. MALE** - Since it usually takes a better-than-average female to beat an average male, there could be a problem here
- FOREIGN RACES** - Previous races for this horse were out of this country. It is difficult to appraise them.
- RELEASED FROM CLAIMING JAIL** - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').
- WORKOUTS** - Horsemen vary in their training methods and horses vary considerably in their requirements for conditioning, hence, while workouts give some indication of a horse's fitness, they can be greatly influenced by the training methods being employed. Therefore, reliance on the speed of workouts may be dangerous, as may be the case here.
- IN-THE-MONEY** - This horse appears to have all the elements suitable for an in-the-money performance.
- 15a. IN-THE-MONEY** - This horse appears to have most of the elements suitable for an in-the-money performance.
- LONG LAYOFF or RECENCY** - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
- LEG WRAPS** - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
- AGE** - The age of this horse is not consistent with that of his competition. A young horse against mature horses or a particularly old horse against younger horses may be at a disadvantage.
- IMPROVING** - This horse seems to be improving or should improve in this field.
- LONGSHOT** - Some indicators that are present when horses surprise with a good performance at high odds are noted.
- FITS RACE** - This horse seems to fit this race.
- 21c. FITS RACE** - This horse seems to fit this race except for class.
- 21d. FITS RACE** - This horse seems to fit this race except for the distance.
- 21r. FITS RACE** - This horse seems to fit this race except for a lack of recency.
- CONDITIONS HORSE** - The conditions for eligibility are ideal for this horse.
- WORK READY** - Previous patterns and/or special circumstances make recent works very important here.
- SURFACE** - The type of surface for this race may not suit the horse.
- BETTING** - If the betting on this horse is heavier than expected contention is likely.
- VETO** - There is no justification for a win to be expected.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The "↑" indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

- 29 ANALYSIS:** All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in **Warrens Stormalert** as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
- 30 CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimesthree :31.

HORSE COMMENTS

- 31** **Troubletimesthree** has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove.
NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.
- Warrens Stormalert** is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop.
NOTES: Wide around the first turn, chased and tired April 25.
